RFP FY16-0714

VOICE DATA AND INFRASTRUCTURE CABLE

ADDENDUM 4

7-5-2016

**1 QUESTIONS**

Q1. Can we propose an alternate Cat6 and Cat6a cabling manufacturer to Berk-Tek, General Cable, and Commscope?

A1. Approval if any for alternate products would be determined after contact award during the product submittal phase of the project.

Q2. What are the surety bonding requirements (bid bond, performance bond, etc.) for this bid? I see on 'Form E' a request for the name and phone number of our bonding company, but only see mention of a bond in the sample contract, and on the Certification of No Exceptions.

A2. The County will require a performance bond. The County does not require a bid bond.
