

REQUEST FOR PROPOSALS
GEOTECHNICAL ENGINEERING SERVICES
NEW ORANGEBURG COUNTY DETENTION CENTER
REQUISITION NO: FY16-0809

Orangeburg County is seeking proposals from firms interested in providing geotechnical engineering services for the new Orangeburg County Detention Center in Orangeburg, South Carolina. The successful firm will be responsible for performing geotechnical pre-design and construction services. The pre-design services shall include subsurface soil investigation through soil borings of property owned by Orangeburg County immediately adjacent beside and behind the existing Orangeburg County Detention Center at 1520 Ellis Avenue, Orangeburg, South Carolina. The resulting subsurface investigative report shall address no less than the design, analysis, testing, evaluation and recommendation of feasible foundation systems, pavements and pavement sections, including applicable technical specifications. Construction services shall include various on-call geotechnical engineering services including, but not limited to soil borings (hand auger), soil analysis, soil testing, concrete testing, and coring. In addition to cost proposals for the scope of work listed above, vendors shall also include information pertaining to previously completed contracts of similar scope, qualifications of proposed personnel, project team location, and local experience.

One (1) original and three (3) copies of the proposal shall be submitted in a sealed envelope marked "Geotechnical Engineering Services RFP, Orangeburg County Detention Center" and shall include the name and address of the vendor submitting the proposal as well as the designated closing date and time, **all of which must be received by Orangeburg County by 2:00 PM, Tuesday, August 9, 2016** as follows:
