Question:

We were planning to submit a proposal for site work for this project. My boss went to the site yesterday and we are confused as to what work is still involved for the site work. It appears that clearing/grading has either happened or is in progress. Can you give me a more detail descriptive of the scope that we should be looking at?

Response:

As per the Proposal please provide a cost which **excludes** Clearing, Grubbing and Site entrance but provides a cost for a full scope of works to satisfy the plans and schedule provided. (see Specifications and Plans – Plans and Plans (2))
